

# SEPTEMBER 2025 MINISTRY UPDATE

As the ministry expands in North Africa we are also expanding our facilities. With the help of professional construction engineers from Brazil a facility to accommodate long and

short term missionaries is underway. These engineers braved temperatures of over 120 degrees as they applied their expert services for the benefit of the Kingdom of God. These brothers not only advised and taught various construction techniques

they also worked with the laborers setting the exam-

Our time spent together was a combination of sharing the word of God, giving testimonies of His faithfulness, and loving others as Christ loved us (John 13:34).

## Working Together (*Tamu junto*)

Our dental clinic in North Africa is finished and is serving the natives. Dr. Campos a dentist, also accompanied the team and served those who were suffering with dental needs. This was his second outreach to north Africa. He and his family feels called into full time missionary work with us in north Africa. Please continue in prayer for him and his family for the Lord to open the door for them to fulfill that calling that he has for them.

We are grateful to God for allowing this special team to be a part of what he is doing for those who have not heard of salvation through Jesus Christ. May the Lord continue to bless them in their efforts to expand the Kingdom of God.

## Village Evangelism Is Moving Up To The Next Level

For years it has been our desire to have a mobile medical clinic which could be used to reach all the people of the northern region of Ghana with the Gospel of Jesus Christ. This year God has answered our prayer through one of His servants, who has a heart to see the lost come into the Kingdom of God. The mobile unit has arrived safely in Ghana, and the logistics of getting it transported to the northern region are underway. We are all excited and have great expectations of seeing what God will do through this miracle. The clinic will offer mobile dental services, we hope to also offer mobile eyecare services later. Please continue in prayer for those who will receive salvation through this undertaking. We believe the work of God will be greatly enhanced. Look forward to receiving the testimonies and blessings that this mobile clinic will bring to many.

## Widow Receives Comfort

Part of the compassionate care of Alabaster Project in Ghana, is to care for widows and orphans. Mamunatu whose husband recently passed away is being presented with a female goat. As a part of this ministry, widows are given an opportunity to earn an income to help meet their financial needs. Goat rearing is a way that God has given us as a means of helping those in need of additional income. These goats multiplies quickly, providing nutrition and income to the widows and their families.

The discipleship meetings in the various villages continue, as new believers are being taught how to apply the Scriptures in their lives. Persecution is still a very real issue for some believers. Please pray for their strength to continue in the faith despite threats and maltreatment from others. May the Lord prove Himself strong on their behalf to deliver them from the evil one, for ultimately our battle is not with flesh and blood but powers, principalities and spiritual wickedness (Eph. 6:12). May the Lord grant those in opposition grace, so that their eyes may be opened, and salvation will be granted to them also (2 Tim. 2:23-24). Amen.

## OUTREACH IN BRAZIL

In answer to our prayer, “Lord who will go with us?” The Lord answered, “I have prepared a people who will go with you.” The Lord quickly led us to the people he has prepared to take the gospel to the hard places he has called us. The Latin speaking peoples, have been called and empowered to go. We have been called to equip them to go. Together we make that great tripartite team that Apostle Paul wrote about in 1 Corinthians 3:6. In our recent equipping visit, God allowed us to encourage and equip several groups of believers in different parts of the state of Parana. In our previous visits, we have equipped believers from five other states. Yes, God has uniquely prepared the Latin speaking peoples of Central and South America, to take the gospel of Jesus Christ to the most difficult places in these difficult times. Many have accepted this challenge, and are preparing to go!

This church in Sertaneja is noted for reaching out to those in their community and recognized as a church where people care for one another. We are happy to connect with this church and join in what God is doing through this congregation. We ask for your prayers for the new converts that God will strengthen them to remain strong and to be obedient to the faith.

Our Lord Jesus Christ demonstrated to us that, kingdom building is a team effort. God explained why in Genesis 11:6. We need each other, jointly supplying whatever is needed to build the body of Christ.

## THANK YOU!!

We continue to pray for everyone who has partnered with us to take the Gospel where it has not been heard. May God richly bless you and remember you and your family for good, and may you never lack any good thing as you walk in his calling and promises. Amen
