

SEPTEMBER 2026 MINISTRY UPDATE

GOD'S EVERLASTING LOVE

Recently, dental and eyecare outreaches were conducted in the villages of Gbullung and Gbollung Garijegu. More than 30 years ago Gbollung village had as many as 80 Christians, but since the death of the last two Christian widows it had become necessary to reach out to this village again. Several people chose to believe in Christ during the outreach. God continues working in the hearts of the older people by the power of His Holy

Spirit. God loves us so much that He is not willing that any should perish. It is a great joy to see this working of God's Spirit which shows that He does not give up on the lost.

The medical clinic attracts so many people with dental needs. They are overjoyed when the clinic rolls into their

villages bringing the help directly to them. We continue to pray for the donor of the mobile clinic, asking God to bless him and his family and may they never lack any good thing. Amen.

This young girl is carrying her younger sibling on her back while leading her blind father to the medical outreach with the hope of receiving help. Our prayer is that this family may be helped by the ophthalmologists planning to come to Bethany Village during the month of September 2026, Lord willing.

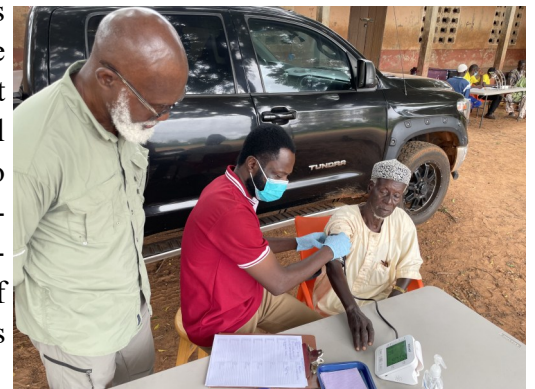

Health Screening

This young fellow has a cavity in every tooth. We explained to his mother the importance of dental hygiene. She was very grateful and promised to monitor her son's consumption of sweets and to teach him the necessity of dental hygiene. We thank God for mothers like Amina who takes time to help her son with his dental needs.

Hypertension is truly a silent killer, especially in these villages where most people have never had their blood pressure checked. One of our protocol is to check the blood pressure of all our patients, not surprisingly several of them were immediately sent to the hospital with alarmingly high readings such as 206/176 and 166/98. Two women were completely oblivious of their dangerous health conditions, thank God for the mobile clinic rolling into their villages. Hypertension and diabetes are the two culprits attacking the health of majority of these village dwellers. We have the equipment and skills to diagnose both diseases.

THE NORTH AFRICAN BASE

The ministry building in North Africa is nearing completion. We are very grateful to the donors who contributed for the construction. God has helped us greatly to construct this building. The combination of engineers from Brazil and Chad have been a Godsend. Each supplying their knowledge to help us to build a facility for the

mission work in the Sahara Desert. The computer school is now complete and students now have a facility to meet for classes.

CO-LABORERS FOR THE GOSPEL

Recently, we hosted international speakers Dr. Ravi and Mercy David. The Davids spent a few days in Ghana before ministering in East Africa. It was great to have the time of fellowship and mutual encouragement. Jesus said, “The harvest is plentiful, but the laborers are few.” Matthew 9:37; Luke 10:2. We have had the privilege of working with the Davids in various conferences and always with the emphasis on completing Jesus’s command to go into all the world and make disciples.

We have worked with Abner and Angelica for the past four years. This Brazilian couple has heard the call of God to serve in North Africa and they have responded. They spent six weeks serving in the desert. They were very instrumental in setting up the computers with the software needed for the recently constructed classroom where students can come and learn English as a second language. We appreciated the time they spent assisting in the ministry. It was invaluable help and the couple worked very well with the team.

Thank You For Your Prayers and Support

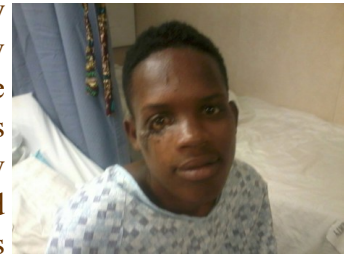

Your prayers and support is very much appreciated by us and those who serve with us. May God bless you all richly spiritually, physically, and financially. Amen. May the Lord grant you the desires of your heart.

“While you are enriched in everything for all liberality, which causes thanksgiving through us to God. For the administration of this service not only supplies the needs of the saints, but also is abounding through many thanksgiving to God.” 2 Corinthians 9:11-12

UPDATE ON HASUM

Left is a picture of King with Hasum, a member of the Fulani tribe. The Fulanis are one of the largest of the unreached tribes in West and North Africa. Hasum became a Christian after hearing the Gospel at the eye clinic and on the Mercy Ship. You may recall how God blessed Hasum to have eye surgery that saved his right eye. Hasum is now married with 5 children and he is still a part of God's family.
